

LATEST SENSATIONS IN NEW YORK CITY

MILLIONS OF MONEY SPENT IN MARKING ADVENT OF NEW YEAR.

NEW YORK, Jan. 9.—One influence that will do much to start 1909 on prosperous career is the disbursement of enormous sums in payment of interest on bank deposits, stock and other securities which will take place during the first half of January.

An evidence that the last signs of the panic disappeared with 1908 and that New York is once more fairly on the high road to prosperity was afforded by the size and lavishness of the New Year crowds which broke all previous records for size and fairly swamped the fashionable hotels and restaurants with the golden flood of coin poured out in the course of their rejoicing over the advent of 1909.

Don't Take the Risk. When you have a bad cough or cold do not let it drag along until it becomes chronic bronchitis or develops into an attack of pneumonia, but give it the attention it deserves and get rid of it.

The question of air franchises, a term now unknown, is likely in the near future to become one of serious importance not only to this city but the whole United States, and one which will eventually have to be settled by the Supreme Court of the United States.

to do with skyscrapers as might be expected; but with the fast approaching realization of the practical airship. Neither has it to do with the "rules of the road" for such craft, but with the much more serious fundamental problem of their right to fly over the land of any objecting person.

The actual deportation of alien girl victims of the international traffic in "white slaves," recently exposed by United States District Attorney Edwin W. Sims in Chicago, has given immigration authorities of New York an insight into the condition which Mr. Sims found so appalling that he began a campaign against them in the Chicago magazine Woman's World.

Young immigrant women, if unaccompanied, are constantly made the prey of procurers who, it seems, are constantly hunting for girl victims, hunting them at docks, railway stations and trains. Search is being made for five Frenchmen who are said to have acted as agents of others in France who carry on the villainous traffic in girls, selling their victims into slavery worse than death.

When you have a bad cough or cold do not let it drag along until it becomes chronic bronchitis or develops into an attack of pneumonia, but give it the attention it deserves and get rid of it. Take Chamberlain's cough remedy and you are sure of prompt relief.

LEFT FAT; BACK SLENDER.

By "Footlights." Glau and his overweight chorus from the "Aeroplane" company have returned to New York in what may be described as greatly reduced circumstances. Not as to finances, let it be said, nor yet in numbers, glory be, but in avoirdupois—that is to say, gross flesh.

Glau didn't rehearse his flock into shape, nor starve them into line, nor yet worry them, verbally, into shadows. He paid salaries regularly and let them eat and drink as they listed. He simply hung up a new rule in the dressing-rooms to the effect that every lady less than five foot seven who weighed in excess of 150 pounds must take a teaspoonful after each meal and at bedtime (or about where her bedtime ought to be), of the following: One half ounce Marmola, 1-2 ounce Fluid Extract Cascara Aromatic, and 34 ounces Peppermint Water.

CHICAGO, Jan. 9.—Two detectives now accompany Guesippe Namino when he goes to and returns from his work as foreman of a butterine factory. Namino had asked the police for protection because he had received two letters demanding \$1000.

When A. E. Petersen built and named the "Modern" barber shop, he meant that it should stand for what it was called. No patron has missed a single feature of the modern tonsorial parlor at that house; and every new device in the way of perfect comfort and service is constantly added as it develops.

Secretary Wilson says, "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicines." The law requires that the amount of chloroform, opium, morphine, and other habit-forming drugs be stated on the label of each bottle.

WOMAN ACQUITTED.

NEWARK, N. J., Jan. 9.—Mrs. Josephine Amere, who has been on trial here for several days on a charge of having murdered Michael Marlettanen on August 5, last, was acquitted last night. The woman's defense was that she shot the man in defense of her honor.

Stomach Trouble Cured.

If you have any trouble with your stomach you should take Chamberlain's stomach and liver tablets. Mr. J. P. Klote of Edina, Mo., says: "I have used a great many different medicines for stomach trouble, but find Chamberlain's stomach and liver tablets more beneficial than any other remedy I ever used."
